Elm Creek Project Goes Before Court

Commissioners To Consider Sixteen Structure Plan

Milam County Commissioners will consider the possibility of this county maintaining 16 structures proposed for the Elm Creek Watershed during a special called meeting at 10 a.m. Thursday.

Officials of the Elm Creek Watershed will meet with the Commissioners Court. E. A. Perrin, secretary of the Elm Creek Authority said that delegates also are being invited from the Cameron Chamber of Commerce, Cameron Rotary and Lions Clubs, the Brushy Creek Water District and Rockdale.

Gilbert Kretschmar, head of the State Soil Conservation program of Temple, will present information on proposed water control structures in the Elm Creek Watershed and losses incurred during recent floods without them.

SEEK MAINTENANCE Watershed officials will not only ask for maintenance of Elm Creek structures, but for Pond Creek in North Milam County and Brushy Creek in Southwest Milam County as well, Perrin said.

The proposed Elm Creek watershed project was given unanimous endorsement last week by the Cameron Chamber of Commerce Board of Directors. Three directors will represent the Chamber at the Commissioners Court meeting Thursday.

Programs of maintenance of water control structures have already been endorsed by Falls and Bell County Commissioners Courts.

Bell County will maintain, when built, structures in Elm Creek, Nolan and other districts, while Falls County Commissioners have approved maintenance of any structures in the Elm Creek Watershed in Falls County.

BENEFITS MILAM Perrin noted that 23 structures are proposed in Bell County and 16 in Milam County.

Although the maintenance in Milam County would be small compared to that in Bell County, the benefits in Milam County were stated to be greater because the black land cultivated plain spreads out there.

Estimates on flood damage to the entire Elm Creek area reached \$820,000, according to H. N. Smith, state conservationist in Temple. He said that 85 percent of the loss could have been prevented with an upstream watershed project.

Cigarette Ring Hits Cen-Tex

A ring of cigarette thieves are working in the Central Texas area with a series of robberies reported during the past several weeks, according to Milam County Sheriff Carl Black.

The Rockdale Piggly-Wiggly Store was hit in the early hours Monday and some 1,100 cartons of cigarettes were taken. Sheriff Black said an insurance firm estimated a \$2,000 loss in the robbery.

The sheriff said he had been notified Wednesday that a Gatesville grocery store was hit by the cigarette thieves Tuesday night bring-

ing the number of grocery store robberies into the dozens.

The gang has also been reported working in the Temple and Austin areas. A Taylor grocery store was hit last week. The Cameron Mondrik Minimart store was a victim of the gang's work several weeks ago, Sheriff Black said.

Officials believe the ring is working out of the Bell County area.

Black said some males have been picked up for questioning in connection with the sale of cigarettes at a reduced price. Questioning followed a report by a Temple boy who related purchasing some cigarettes at a low price.

Investigation is underway by authorities in the areas where the robberies have occurred.

Jury Finds Seaton Guilty, Suspends 3 Yr. Sentence

James Seaton, 17 year old Cameron youth, was found guilty of assault with intent to murder without malice in connection with the assault of Leroy Jackson in 20th Judicial District Court Thursday.

Seaton's punishment was set by jury at three years confinement in the state penitentiary. Judge John Patterson of Marlin who heard the case sentenced him to serve three years and on the recommendation of the jury suspended his sentence during his good behavior.

The one-day trial got underway with jury selection at 9 a.m. By 10 a.m. two women and 10 men had been selected to serve on the jury and testimony by the prosecution and defense got underway. John Henderson Jr. was prosecuting attorney and Robert Ellett was attorney for the defense.

Twelve witnesses were heard before the case went to the jury at 4:15 p.m. Shortly over an hour later the jury returned with a verdict of guilty.

Jurors serving were Wright Radford, Mrs. Glenn Hodges, Morris Evans, Rarmon Kelly, Thomas Boswell, Joe Zajack, Edell C. Kirchenwitz, Lois Dodd, Willis M. Kuhn, James Howard, T. E. LaGrone and Edward Senkel.

Shell Plugs Nell Ross Wildcat, Abandons Test

The Shell Oil Company No. 1 Nell Ross, deepest wildcat ever drilled in Milam County, was plugged and abandoned on Friday of last week. Total depth was 15,230 feet.

Located in Fernando Rodriguez Three League Grant about eight miles east of Milano and four miles southwest of Gause, the loss was the second unsuccessful attempt by Shell to find the Smackover here in Milam County. Last year the company's No. 1 Adoue Estate, located about a mile south of the Ross, was drilled to 14,457 feet and was abandoned on June 1, 1964.

Whether the Ross wildcat found the Smackover is not known, since Shell drilled the big deep test tight and released little or no information about it. Reportedly the Adoue Estate last year found the Buckner Lime, which usually overlies the Smackover, but drilled directly from the Buckner into salt. The Smackover is a prolific oil and gas bearing formation in East Texas and Arkansas fields, but the nearest production is over 100 miles from Milam County.

There are local rumors that Shell plans to drill still another deep wildcat on its big lease block in eastern Milam County. Whether these are just the usual hopeful rumors that crop up after a failure is not known. Shell, however, was continuing to lease acreage in the area as recently as a month ago -- which apparently would give substance to the rumors.

In shallow drilling activity in the Rice Schoolhouse area the Brown & Smith Oil Company of Houston has sold out its interests to J. A. Tong & Associates of Houston and Louisiana. The new company is going forward with plans to develop the 2,700 acre lease block which Brown & Smith assembled. The No. 1 Henry Pattillo, drilled about a month ago, is being put on pump, and four more locations for shallow wildcats have been staked. Three of these are on the Henry Pattillo lease and the other is on the adjoining Cochran tract.

VISITS HOLLAS

Mrs. V. R. Schmidt of St. Louis, formerly of Cameron, accompanied the George Hollas family to Cameron last week and will remain in the state visiting her family for about 3 weeks.

Jaycee Carnival Set For July 4

City Celebration

Cameron Junior Chamber of Commerce members will host a summer carnival as a July 4th celebration in Cameron.

The carnival will include kiddie attractions, games, food and fun for everyone, according to chairman Bruce Crook. Co-chairman is Jack Small.

Carnival fun will get underway at 1 p.m. at the National Guard Armory and last through the afternoon and evening. Games such as the cake wheel, ball throw, fish pond and many others are planned with special kiddie rides for the younger set.

Foods and refreshments will be on sale and Guy Rivers will be in charge of snow cones and cotton candy machines.

A dance will climax the day's activities. CJ & The Jewels will furnish music at a dance beginning at 9 p.m. at the National Guard Armory.

Proceeds of the carnival will be used toward defraying costs of the Summer Track program that is being sponsored by the organization for the first time this summer.

"With this addition, we will have a complete retail farm service center as well as fertilizer," Jensen said. They plan to be ready to take in maize when the season arrives.

The expansion will call for additional employees during the season, Jensen noted.

Eastern Seed originally started with only fertilizer when the firm first opened its \$10,000 plant in Cameron in December, 1963.

Truck - Car Wreck On Little River Bridge Sunday

Traffic on Little River Bridge was limited to one way for nearly an hour last Sunday and one accident occurred as cars 12 deep lined up behind a stopped vehicle.

Highway patrolman Leroy Broadus said a vehicle was stopped on the bridge with a flat tire. While the flat was being changed all traffic behind him was stopped. A trailer truck belonging to Ramsey Truck Line out of Lubbock rammed into the rear of a car driven by Bill McIntosh of Cameron.

Broadus said there was not a great deal of speed involved or a chain reaction would have occurred. There was considerable damage to the McIntosh vehicle but an estimate was not available.

Broadus was called to the scene and was flagging traffic at 5:15 p.m. when the accident occurred. The driver of the truck was given a citation for failing to control speed.

Two Probated, One Gets Pen

On pleas of guilt by three defendants, District Judge W.C. Wallace handed down two probated sentences and a penitentiary sentence in District Court last Friday.

Elbert Lee Barnett, of Gatesville, was sentenced to serve two years in the state penitentiary for felony theft in connection with an offense in March, 1965.

Amos Muston, of Rockdale, received a five-year probated sentence for burglary in connection with an April, 1965, offense.

Paul Ray Miller was given a three-year probated sentence for felony theft. Miller of Rockdale, was indicted on an April, 1965 felony theft charge.

All three men were indicted in April by a Milam County Grand Jury.

Eastern Seed Co. Expands Plant

Construction is underway at the Eastern Seed & Fertilizer Company in Cameron in an expansion program that will give the company complete retail farm service facilities.

A new grain storage building and warehouse are under construction at the 200 W. Santa Fe business site.

Larry Jensen, manager, said the new facilities will enable them to buy and sell maize and milo locally.

The grain storage building is being constructed on the west end of the 350 x 200 ft. site. The pole type constructed building is being made of corrugated sheet tin and has 42 x 84 footage. The grain building will be ready for roof installation by the end of the week and finishing work on the interior is presently underway.

Jensen said the building will have a 20 car grain load capacity. It will be finished complete with aeration system.

On the east end of the Eastern Seed Company site, a warehouse will be constructed for "greater storage space for small seeds."

The 40 x 42 foot building will be complete with display windows and store fertilizers, seeds and chemicals.

In their expansion program, Eastern Seed has also leased the office facilities and public scales of the Batte-Hickman enterprises.

From Earl Wilson's Column: A man from Dallas says the local cops are rough on traffic violators: "They gave me a ticket for turning a corner on two wheels--and I was riding a bicycle."

T&C Fair Adds New Attractions

Plans for Cameron's annual Town & Country Fair are getting an early boost in an effort to make the event one of the community highlights of the year.

Two new events have been scheduled for the August 5 - 7 affair that will take early preparation to make them into successful projects.

A downtown parade has been added to this year's list of events and also an Ugly Man Contest, according to T&C Chairman Monroe Fuchs. On August 5 at 4 p.m. a parade in downtown Cameron will start in the 500 block of South Crockett.

"We do not urge a great emphasis on fancy and detailed floats but we do heartily promote as many club members, employees, etc., to march in the parade or drive in the parade as possible," Fuchs said.

Invitations have been sent out to all clubs, organizations and businesses in the Cameron area seeking their participation in the parade.

One of the events set for competition is the new contest titled the "Ugly Man Contest." Each organization, business or individual can sponsor a contestant, including himself, for a \$2 entry fee.

On July 19, the contestant's ballot boxes will be distributed in Cameron businesses. The winner will be decided upon the most votes, every cent deposited in the ballot boxes for your contestant will be counted as one vote. All votes will be used to help finance the Fair.

There will be no competition or awards given.

The Ugly Man a group or person wishes to sponsor may be the complete opposite of ugly--what he needs most is a great sense of humor to help add to the fun of the Fair, said publicity chairman, Richard Wyatt.

The contestant with the greatest amount of pennies will be crowned at the Town & Country Fair as the "Ugliest Man of 1965." All entry fees should be paid by July 9.

Overcomes Handicaps

Enjoys Work-Hobbies

Lover Of Life, Beauty: City's 'Gill' Newton

By Lois Sapp

Living alone, with his little black and white dog "Lil" as his companion, he is a lover of the beauty of life.

He sees this beauty through the array of beautiful flowers blooming in a brilliant glory of color.

Some might call him handicapped, but through his deafness he hears and from his stooped body he accomplishes much.

He is known to his friends in Milam County as "Gill" and to others as H. G. Newton.

Mississippi born, he was taught as a young boy the tranquility of life through his father's teachings. His father, James Newton, was a preacher in Cameron and then in Maysfield.

His Maysfield friends feel a closeness to this man who has lived some forty years behind the old Maysfield Church, just off Highway 190.

He enjoys friends who drop in and converse with him through the use of a note pad.

Children take to him, developing their own secret bond of understanding that hurdles the barrier of written sound.

MANY TALENTS Newton is truly an amazing man with many talents and interests.

For over 50 years he has been totally deaf. He is badly stooped from a back injury he received in a fall when he was a young man. The movement of his hands have been hampered by a recent stroke.

But even after 31 years of "living" -- and most of that at hard work as a farmer -- Newton can still put more into a day than many harder have been known to do.

Although he considers himself "retired," he still keeps a large garden, some chickens and spends much of his time working with his flowers.

After his wife, the former Miss Annie Butts, died in 1960, Newton preferred to do his chores alone.

So he still does all his housework, laundry, mending, ironing, keeps a beautiful yard, is a good cook and keeps his cupboard full of foods he cans himself.

H. G. Newton shows miniature carving

His brother, Roy Newton of Maysfield, said "Gill still does all of his homework and chores but has had to give up his hobby of carving since a recent stroke that hampered the movement of his hands."

DISPLAY CARVINGS

Newton has become well known for his carving hobby. Some of his work is planned for display at the Town and Country Fair this year.

About eleven years ago he began carving interesting things out of soft pine with a pen knife.

Roy Newton encouraged his brother to enter some of the carvings in the first Town and Country Fair and they attracted a great deal of attention.

In his home are boxes filled with carvings of all shapes and descriptions -- no two alike. They were made with no preconceived plan or pattern. He would just sit down and start whittling.

One carving was a long chain carved from one solid piece of wood. There was a tower with balls inside, also from one piece of wood. And a delicate and authentic wagon in miniature.

He claims his wagon carvings took "little or no time," complete with delicate wheels and spokes.

His chains of different shapes took the longest time to carve. "The longest chain I've made is five feet. It took about three weeks to make, just whittling a little

at a time," he related.

Newton has no idea of how many things he has. He does not sell his articles for profit, but does give some to his grandchildren and to friends.

Miss Nell Mayes, a Cameron primary teacher, is the great granddaughter of the man for whom Maysfield was named and a niece of Newton's. His gift to her was a necklace made of round balls.

With the loss of his hand power for carving, he now keeps his articles for the interest of others.

GROWS FLOWERS

He has turned his hobby into flowers. Some claim he has one of the prettiest yards in the community. His home is surrounded by 15-foot wide flower beds sprouting solid fields of color.

He loves to sit out on the wide veranda that encircles his big house, where he can look out to the highway and the Maysfield stores clustered at its edge.

By his side is his constant companion -- his Fox Terrier dog. On the edge of his chair his cane.

He likes to talk about his family of five children, eight grandchildren and five great grandchildren.

His children are Everett Newton of Sreepore, La., Ladel Newton of Coleman; Carleton Newton of Africa; the Rev. Billy Newton of Atlanta, Ga., and Mrs. Emma Roy Carey of Tyler.

Colts, Indians Lead L. League

The Colts and Indians moved ahead this week to tie for first standing in Little League baseball.

Cardinals defeated the White Sox 4-0 June 15. Winning pitcher was Cliff Eryer, losing pitcher was Jerry Richardson.

Indians defeated the Yankees 2-5 June 17. Winning pitcher was Timmy Tucker, losing pitcher was Robert Wrashear.

Manuel Vargas was winning pitcher June 18 when the Colts downed the White Sox 12-5. Joe Vargas was losing pitcher.

Indians pitcher Simon Rangel struck out 12 men Monday night leading the Indians to a 6-3 win over the Bears. Rangel was winning pitcher and Jess Reyes pitched for the Bears.

Solomon Ordains Son

Baptizes Grandson

The Rev. John C. Solomon, former pastor of the First Presbyterian Church, Cameron, baptized his grandson, John Mark Solomon, and led in the ordination to the ministry of his son, John William, Sunday, June 13.

Rev. Solomon is pastor of the Third Presbyterian Church, Houston. He and Mrs. Solomon have recently moved into the Church's new parsonage at 1415 Valleta St.

Cardinals Set Con-Tex Tryouts

The World Champion Cardinals, always on the look out for young talented players, will sponsor baseball tryouts in Bryan on June 24 and 25. It was announced today by George Silvey, director of Red Bird Scouting.

Starting at 10 a.m. each day things will be at a high pitch at Travis Park when Fred McAllister, Cardinal scouting supervisor, and his assistant, "Dutch" Lorbeer, direct and hustle the players through a well-staged tryout program.

"We'll be looking for aggressive, Cardinal-type players for our farm system," Silvey remarked. "And these tryouts will give the eager players a once-in-a-summer opportunity to prove that they have the stuff out of which major leaguers are made...baseball ability, desire and definiteness of purpose. Our men personally picked this tryout spot, you know, and we're counting on a sizeable group to look over."

The tryouts are open to all players in the 16 to 22 year age bracket. Each player should bring his glove, shoes and a uniform if he has one. The World Champions will supply the bats, balls and catching gear.

Their son, John, and family have moved to Little Rock, Ark., where he will be Associate Director of Christian Education for the Synod of Arkansas.

Girls, Boys, Junior Champ Track Meet Saturday Here

Winners Enter In State, Natl

PRACTICE FOR MEET — Mack McKinney, one of Yoe High's ace tracksters, gives these five youngsters some pointers on the correct stance for racing as they practice for the Jr. Champ

Track Meet Saturday at Yoe Field. These boys are a part of 200 youngsters who are participating in the Cameron Summer Track program, sponsored by the Junior Chamber of Commerce.

Cameron Jaycee's Junior Champ track meet is slated for Saturday at Yoe Field with eight divisions of boy and girl contestants, according to Coach Andy Springer.

The meet will get underway at 6 p.m. under the direction of Coach Springer. He will be assisted by members of the Junior Chamber of Commerce.

All 200 Cameron boys and girls who have signed up for the Cameron Summer Olympic Program are eligible to compete. Other contestants from a radius of 60 miles of Cameron are also invited to participate in the meet, Springer said.

WINNERS COMPETE — Winners in the Cameron meet will be eligible to compete in the Junior Champ State Meet. The state meet is set for July 8-10. State meet winners will be eligible for competition in the National Junior Champ meet in Houston August 13 and 14.

The local director said Bob Richard, three time Olympic champ, is the national coordinator. The national event is sponsored by the Wheaties Foundation, Pepsi Cola, United States Track & Field Federation and Junior Chamber of Commerce.

Contestants in the Cameron meet will be divided into four divisions in both girl and boy groups: Seniors - 16, 17 and 18 years; Juniors - 14 and 15 years; Intermediate - 12 and 13 years; and Pee Wee - 11 years and under.

EVENTS SLATED — Boys senior division will compete in the 100 yd. dash, 220 yd. dash, 440 yd. dash, mile run, 440 yd. sprint relay, shot put, discus, high jump, broad jump, pole vault, 180 yd. low hurdles, 120 yd. high hurdles and mile relay. The Junior division will have the same events with the addition of the soft ball throw.

Intermediates will compete in the 50 yd. dash, 100 yd. dash, 200 yd. run, standing broad jump, high jump, 220 shuttle relay, softball throw, 75 yd. dash and 100 yard dash.

Pee Wee tracksters will run the 50 yd. dash, 75 yd. dash, 100 yd. dash, 200 yd. run, 220 yd. shuttle relay, standing broad jump and softball throw.

Senior division girls will run the 50, 75 and 100 yd. dash, 220 shuttle relay, standing broad jump, shot put and softball throw. All girl events will be the same with the exception of the shot put which will be held only in the senior division.

NEW PROGRAM — Girl's track is something new to Cameron and is being held for the first time this year. A boy's summer track and recreational program has not been held in Cameron for several years. The Junior Olympics program as sponsored by the Cameron Jaycees is the first of its kind in the city.

The program has drawn some 25 girls in practice sessions and two fast runners have developed. "In the senior division, Madeline McLerran runs a 6.4 time in the 50 yd. dash which is considered real good," Springer said. "Donna Shaw, who runs in the

junior division, also does a real good job in the 50 yd. dash with a time of 8.4," he continued.

In the younger age group Springer said he did not know the speed of most of the boys but added that John Kestentaum, winner in the local Cub Scout track meet, will be in the competition.

mer track program with Gary Homer showing promise as he runs the 50 yd. dash in 6.5. He will be in the 11 and under age group.

Temple's Ronnie Daughtry has indicated he will enter the junior contest in the shot put, which he throws 61.5 ft. and the discus, which he throws 176 ft.

"Several of our local Yoe track boys will compete in the meet with state contestant Mack McKinney running both hurdles and competing in the broad jump," the coach said.

Also competing will be Wayne Kirk, discus; Glen Fogle, discus and low hurdles; Jim Laferty, high hurdles; and Frankie Dornier, 100 and 220 yd. dash.

Hustlers Lead Minor League At End Of First Round Robin

Minor League baseball play completed its first round Monday with the Hustlers leading the race undefeated. In two close and exciting games they edged their way to victory to maintain their standing.

HUSTLERS - YANKEES — In Minor league action last Thursday the Hustlers edged the Yankees 2-1. The game remained scoreless until the third inning when both teams picked up one run. In the fifth inning Noey hit a triple for the turning point of the ball game. He came on in for the winning run.

Winning pitcher was Craig Frielmel and losing pitcher was Kery Leonard.

There was no minor league game Friday.

HUSTLERS - LIONS — Monday night the Hustlers defeated the Lions 5-2 in a close played ballgame.

The Hustlers scored one run in the top of the first inning and held the Lions scoreless through two innings, the Lions went out both innings with bases loaded. In the third inning both teams scored one run bringing the score 2-1. The Hustlers added two more in the fourth and another in the fifth.

Winning pitcher for the Hustlers was John Barron, Craig Frielmel took over the pitching duties in the third inning. Losing pitcher was Fred Rangel.

GIANTS - WHITE SOX — Tuesday night's Minor League action was a close game through the first three innings. The Giants picked up four runs for an early lead and the White Sox came back to narrow the margin to 5-3 in

the bottom of the second. The Giants picked up three more in the third, six in the fourth. The Lions added three more in the fourth but were unable to overcome the margin and lost 14-6.

Winning pitcher for the Giants was Hill Culpepper. Ronnie Mikulec took the loss for the Giants.

Glasers Celebrate

Silver Anniversary

Mr. and Mrs. Leo Glaser Sr. celebrated their silver wedding anniversary Friday, June 18, at their home. A barbecue supper was served on the patio, a three tiered wedding cake trimmed with pink roses was served later with punch.

The gift table was laid with white net over pink, and was centered with a white wedding bell with trimmings of pink ribbon. Miss Jewelene Peschel registered the guests.

Guests were entertained by Andrew Holec of Rosebud.

MRS. JOHN H. EVANS

Ceremony Unites Freeman - Evans

Miss Jane Cornelia Freeman and Mr. John H. Evans were married Saturday evening in a formal ceremony in the Chapel of Highland Park Presbyterian Church, Dallas. The Rev. Dr. Mohs officiated.

Miss Freeman is the daughter

of Mrs. W. C. Freeman, Maysfield. She is a graduate of Yoe High School, Cameron, Morris Junior College, Jacksonville, and Southern Methodist University, Dallas. At present she is teaching in Dallas.

Mr. Evans is the son of Mr.

and Mrs. Charles Evans Sr. of Hot Springs, Arkansas. He is a graduate of the University of Oklahoma and received his Master's degree from Pennsylvania State University. He is presently a research consultant with Louis, Bowles and Grace of Dallas.

The bride was given in marriage by her brother, Dr. Bill Freeman of Sherman. Honor attendants were Miss Joy Kirkland and Mr. Charles Evans Jr. of Sacramento, California.

A reception followed the ceremony in the home of Mr. and Mrs. David Mohny.

Following a wedding trip they will be at home at 4814 Alcott, Apt. 104, Dallas.

Drapery Workshop For Adults Starts

Yoe High School Home Economics teachers will conduct a 3 day drapery workshop for adults beginning 2 p.m. Monday, June 28.

The 2½ hour sessions will be held in the Yoe High Homemaking department and are open to any adult interested in drapery construction.

Anyone wishing to bring fabric to construct draperies may contact Mrs. I. N. Hughes at OX 7-3106 or Mrs. Albert Edmonds at OX 7-2164 for further information.

PERSONALS—

Mrs. W. H. Garner and sons are visiting her parents, Mr. and Mrs. Louis Gohmert before joining Mr. Garner in Europe in mid July. The Garners will live in Frankfurt, Germany, for the next two years.

Mr. and Mrs. K. S. (Bud) Adams of Houston entertained his ranch manager and wife, Mr. and Mrs. Ed Eckols with a buffet supper Thursday evening in the Adams home at Randle Lake Ranch. Mr. and Mrs. Adams and son Ken were visiting here for several days last week.

Visiting the Joe Andersons and Mrs. Sophie Easley this week are Mr. and Mrs. Giles Easley and son from Austin.

Mr. Bill Tolson attended a J. C. Penney Co. meeting in Abilene this week and then joined his family in Mexia where they will visit their families through the weekend.

Visitors in the home of Mrs. J. H. Thomas last weekend were her daughter, Mrs. G. Z. Young and her granddaughter and family, Mr. and Mrs. Kenneth Paparella and Ken Jr., all of Bryan.

Mrs. Gilbert Gardiner Green

Little River Church Is Scene Of White - Burgess Wedding

Miss Harriet DeLaine White, daughter of Mr. and Mrs. Harry White of Jones Prairie and Mr. James Stanley Burgess, son of Mr. and Mrs. Woodrow Burgess of Rockdale, were married Friday, June 18, at Little River Baptist Church.

The double ring ceremony was performed by the Rev. Don Callaway before an altar decorated with baskets of white gladioli.

The bride was given in marriage by her father. She wore a traditional floor length gown of white peau de soie. The bodice, fashioned with long tapered sleeves was covered with chantilly lace. Her shoulder length veil was attached to a circular crown. Her bouquet was a cascade of white carnations and ribbon streamers.

Maid of honor was Miss Kay Sell of Cameron who wore a dress of blue peau de soie and carried a single white rose.

Woodrow Burgess Jr. of Rockdale, brother of the groom, was best man.

Miss Patsy Marburger of Cameron registered guests at the door. The bride's parents were hosts for a reception at their home. Punch and cake were served by Miss Charlotte White, sister of the bride, and Miss Vivian Burgess, sister of the groom.

The bride was a recent honor graduate of Yoe High School and the groom was a 1964 graduate of Rockdale High School.

Following a wedding trip to the coast the couple will make their home in Rockdale.

Miss Dorner Weds

Gilbert G. Green In

Ceremony At Temple

A candlelight ceremony at the First Methodist Church, Temple, united Miss Frances Ruth Dorner and Mr. Gilbert Gardiner Green at 6 p.m. Saturday, June 19. The bride is the daughter of Mr. and Mrs. Herman Dorner Jr. of Burlington. Mr. Green is the son of Mr. and Mrs. G. L. Green of Temple.

The Rev. Erwin M. Gathings performed the double ring ceremony before an altar decorated with seven branch candelabra on each side and baskets of white gladioli and greenery.

Given in marriage by her father, the bride wore a gown of peau de soie with chiffon over the empire style bodice and skirt which ended in a chapel-length train.

Her finger-tip veil of tulle was held by a crown of seed pearls. She carried a bouquet of carnations and greenery centered with an orchid.

Miss Jeanie Pelzel, cousin of the bride, was maid of honor. Bridesmaids were Miss LaNell Newman of Brenham and Miss Cynthia Peschel, Susan Green, cousin of the groom, was flower girl.

Attendants wore floor length dresses of mint green peau de soie and each carried two long stemmed white roses.

Dave Wilde of Temple was best

man. Groomsmen were Frankie Dorner, cousin of the bride, Cameron, and Rodney Zett of Temple. Ushers were Marvin Green, cousin of the groom, Ricky Archer, both of Temple, and Donnie Swanzy, cousin of the bride. Terry Dorner served as his sister's ring bearer.

A reception was held in the Fellowship Hall of the church. Mrs. Nancy Hoff, sister of the

bride, registered guests. Serving in the houseparty were Mrs. Billy Noack of Rockdale, Mrs. Ruby Swanzy of Burlington, Mrs. Doris Scheutze, Miss Jewel Jean Peschel of Burlington and Miss Diane Jergens of Temple.

The couple will reside in Temple.

Kemp 'House Of Hospitality' Awaits Last Caller, The Mover

By Lloyd Albertson

"You could call it a house of hospitality. . . Yes, that was what it was - a house of hospitality."

That was the way Mrs. Ruth Kemp Brown described the old Kemp home on North Travis Street during a conversation a year or more ago with this writer. Sitting there in a booth in the cafe, she spoke slowly, reminiscently. She was taking a "coffee break" after spending several hours getting personal effects and furniture ready to be moved out of the old house so it could be put on the market for sale.

"People were always being invited there, and dropping in," she continued. "All the county officials, and politicians from the whole Central Texas area. And farmers and cattlemen and businessmen. Everybody. And back in the late 1920's and early 1930's it was the custom for the Yoe High senior class to meet at our house before attending the Baccalaureate service at the Methodist Church. So the graduating class would meet at our house beforehand and then march over to the church."

O'DANIEL VISITED

She added: "Most of the State officials were guests there at one time or another, I guess. Gov. W. Lee O'Daniel ate Sunday dinner there once, you know."

O'Daniel, during his term as Governor, had a habit of attending Sunday services at some church in the Austin area, and he selected the Methodist Church in Cameron for one of his visits. After the morning service he was the dinner guest of Judge and Mrs. Kemp at their home.

"There were other prominent people who were entertained there, but I just can't remember their names," Mrs. Brown said. She pushed aside her coffee cup. "And now I better get back over to the house and finish packing the things I'm shipping back home."

KEMP HOUSE

As it looks today, it is a little different, admittedly, to imagine the old house as it was in its heyday. It has been vacant for a number of years, and it looks as a vacant house is likely to do - weatherbeaten, with peeling paint and a few loose boards in porch floors and steps, and half hidden by trees and shrubbery long in need of trimming.

ONE OF OLDEST

The house, by all accounts, is one of the oldest in Cameron. It was built by an early day school teacher, Miss Hattie Homan, about 1871. A family named Dawson also is said to have lived there at one time. The Kemps bought it in 1910, and under Mrs. Kemp's direction it was re-designed and enlarged into the home they occupied for over 30 years.

It was the home during those years of probably two of the best known and popular people in the county. Mrs. Lina Kemp, for a time a school teacher and once society editor of the Cameron Herald, was interested in the Daughters of the Confederacy, the Eastern Star and other organizations. And Judge Jeff Kemp had a long career in county politics.

He was county clerk around the turn of the century. Later he was Cameron's postmaster. Afterwards - probably in the early 1920's - he became County Judge. He was appointed to the office when Judge Graham Gillis resigned to become District Judge. He ran for reelection, and while he always won,

his early races especially were tough ones, since he was a prohibitionist in a predominantly "wet" county. He was elected to the office for the last time in 1946, a few days after his death.

Judge Kemp was the old fashioned type of politician who believed in lending a helping hand when needed. Mr. Le'and Green Jr., in a conversation not long ago, recalled how he befriended people during the depression years. "We ran a grocery store back in the 1930's as well as our furniture business," he said. "Those were tough times, and more than once when a man out of work came down to talk to Judge Kemp to see if any help was available, he would send him over to our store and tell us to let him have some groceries and charge them to his account."

NO 'GIFT OF GAB'

Judge Kemp was something unusual - a politician who didn't have "the gift of gab." It was hard for him to make a speech. Which was a real handicap in that era where most campaigning was done at rallies on the courthouse lawn and at picnics and barbecues in rural areas.

Just how difficult speaking was for the Judge, this writer can recall when seeing him once at a rally in a small community just before World War II. Ladies of

a church congregation had promoted a chicken supper to raise funds for church repairs, and as was the custom, had invited candidates running for office to speak to the crowd afterward.

It was the kind of opportunity any candidate would like. But when his turn on the platform came, Judge Kemp looked uncertain. "YOU ALL KNOW ME" He had a sheet of paper in his hand on which he had jotted down some notes. After saying he was glad to be there, he began to read from it. Haltingly he enlarged on one or two points. But within three minutes he had come to the end of the list. He paused and looked at the crowd helplessly. "Aw," he said, throwing up his hands, "you all know me, anyway."

There was a little laughter, and then a burst of applause. They did know him. And liked him. And on primary election day they voted for him.

Judge Kemp died in October, 1946. And Mrs. Kemp, too, has been dead for several years. And recently the old house on North Travis was sold. Plans call for it to be moved or torn down and the site used for business purposes.

As it stands there now, it doesn't much resemble "the house of hospitality" of its heyday. But many of the people who spent pleasant moments as guests there undoubtedly remember it that way.

PERSONALS

Mr. Niley J. Smith and son Judson are vacationing in Washington, D. C., Pennsylvania, Virginia and New York. The trip was a graduation gift from Judson's grandparents, Mr. and Mrs. A. J. Smith. Also enjoying a short vacation were Mrs. Niley Smith and Steve who spent several days in Corpus Christi.

INVITATION TO BID

The Board of Trustees of the Cameron Independent School District, Milam County, Texas, will receive sealed bids at the office of the Superintendent in Cameron, Texas, until Thursday, July 8, 1965, at 7:30 P.M., at which time they will be publicly opened and read at such place for the remodeling of the Science Laboratory, to wit:

1. Removal of present flooring, plumbing, and electrical installations

2. Replacement of floor, plumbing, and electrical installations

The detail plans and specifications of which and installation requirements for which are clearly set out by plans and specifications available at the office of the Principal of Yoe High School, Cameron, Texas, and which are subject to inspection by any interested bidder.

Such installations will be paid for in cash upon completion of installations and clean up. All remodeling and clean up must be completed by 8:00 A.M., July 30, 1965 (date).

All bids must be accompanied by cashier's check for five (5) percent of bill price payable to C. R. Law, President of Board of Trustees. All bids must be accompanied by proposed lay-out, equipment tests, and specifications. The successful bidder will be required to give performance bond. The Board of Trustees reserve the right to waive any and all formalities, reject any or all proposals, and to choose the most advantageous proposal.

Signed:

C. R. Law, President

On Milam's Farms And Ranches

Economist Sees Feeder Cattle Prices Holding High Thru Summer

COLLEGE STATION — Cattle prices during the last two months have averaged well above those of the same period a year ago, reveals John G. McHaney, Extension economist, Texas A&M University.

"With few exceptions, range and pasture grasses are in good condition in Texas, and grazing prospects through the early part of

the summer are excellent," he explains. "Range feed is generally showing good growth over the Western range area of the United States."

This is favorable from a price standpoint because it permits producers to hold feeder cattle on the range longer. This produces orderly marketing.

Although feeder cattle prices remained low through February, they increased in March and April. The recent rise of feeder cattle prices can be attributed to the increase of fed cattle prices, strong demand and a smaller seasonal supply.

McHaney says that feeder cattle prices will likely stay above year-earlier levels through the rest of the second quarter and into the summer of 1965.

During this period, it is anticipated that cattle feeders will continue to place large numbers of cattle on feed. At the same time, good grazing conditions will enable ranchers to hold more feeder cattle on the ranges. This will restrict available supplies of feedlot replacements and will tend to strengthen feeder cattle prices.

A further increase of feeder cattle prices would probably curtail the slaughter of non-fed animals as feedlot operators would compete strongly with packers for these cattle, the economist explains.

Feeder cattle prices in the fall and early winter of 1965 will depend largely upon range conditions at that time, McHaney adds.

He points out that fed cattle prices were steady through the winter, averaging \$2 and \$3 above those recorded a year earlier. In late April, they were about \$4 above prices in the early spring of last year.

These prices may decline slightly about mid-year 1965, but in the third quarter, July, August and September, they are expected to average about the same as those of a year earlier.

ON PHOTODENSITIZATION

It's a big word and trouble when livestock are plagued with this non-contagious disease. It is common to all sections of Texas and occurs more frequently during the spring and summer months, reports Dr. R. D. Turk, head Dept. of Veterinary Parasitology, Texas A&M University. This disease results from the chemical reaction of light colored skin to sunlight after a photodynamic agent has been absorbed in the animal's system, says the veterinarian.

LAWN & FLOWER PROBLEMS

The recent heavy rains and cooler weather have favored the build-up of fungi populations in lawns and flower gardens, says Wendell Horne, Extension plant pathologist, Texas A&M University. Brown patch and leaf spotting are hitting lawns while damping-off has been reported in many flower beds. Chemicals are available, Horne says, for controlling these diseases. He suggests a visit with the local county agent for detailed information.

County Agent's Notes

Area To Harvest Good Hay Crop

By J. D. Moore

An excellent hay crop is ready for harvest in Milam County and farmers, stockmen and dairymen are reminded to strive for quality hay. The protein content of hay is highest when hay is cut during the "boot" stage. However, total net energy increases with the maturity of the crop.

COUNTY HAY SHOW — The first Milam County Hay Show will be held August 6 in connection with the Town and Country Fair, according to Ed Laywell, chairman. Rules for the show are: 1) Hay must be produced in Milam County

by exhibitor; 2) Individual may exhibit only one sample per class; 3) Entries will be classified; 6) Injurious foreign material disqualifies a sample; 7) All entries must be registered with the chairman by July 15; 8) Entries will become the property of the show; 9) A \$4 fee must accompany the entry in order to get a chemical analysis of the hay sample.

Hay Classes 1) Common Bermuda, 2) Coastal Bermuda, 3) all other grass hay, 4) Sorghums, Hegari, hay grazers and cane, 5) Oats, Rye and Oat mixtures, 6) Alfalfa.

Those with entries may contact Ed Laywell, Coleman Duncum, Leo Fuchs, Byron Wise or J. D. Moore. There were 10,000 acres of hay harvested for sale in Milam County during 1964. It is estimated that the average yield was one ton per acre with a selling price of \$20 per ton for a total crop value of \$200,000. Our local ASCS office estimates that 150,000 bu. of springs were harvested from 1500 acres of coastal Bermuda for a sale value of \$75,000 in 1964.

The ASCS approved 5805 acres of Coastal in 1963 and 5257 acres for planting in 1964. It is estimated that we have 15,000 acres of Coastal Bermuda in Milam County. These figures are made available to emphasize the importance of the hay crop in Milam County.

COTTON INSECT REPORT

Cotton fleahoppers are migrating into cotton fields and farmers are warned of the damage done by this insect. As the host plants mature in pastures, fence rows, etc., the adult fleas migrate into cotton fields. Eggs are deposited in terminal growth of cotton plants, the young hatch and feed on new growth buds until they are almost grown.

Farmers are cautioned not to use too severe dosages for flea control because of the threat of bollworms. There is a 2 to 7 per cent infestation of bollworms and eggs present in most cotton fields. We have not had enough beneficial insects present to keep the bollworm population down.

"Dylox" was introduced last year as an effective flea control insecticide. Demonstrations in 1964 showed that beneficial insects would build up in fields treated with "Dylox" for flea control.

Boll weevil counts are noticeable only in limited areas. Of course, if sufficient numbers of weevils and damaged squares are present, control measures should be taken.

The Texas Guide for Controlling Cotton Insects L-218 is available at the County Agent's office.

Hightower Reunion At Cameron Park

The annual Hightower Reunion was held in City Park Sunday, June 13, with 74 persons in attendance.

Descendants came from Texas towns of Cleveland, Coldspring, Tyler, Lake Jackson, Freeport, Houston, Brownwood and Temple.

Plans were made to have the reunion next year at City Park the second Sunday in June.

It was interesting to note that 3 of the regular attending families have had recent marriages. Newly weds were Mr. and Mrs. Larry Farrell of Cleveland, Mr. and Mrs. William Perry Simonds of Houston and Mr. and Mrs. LeRoy Dill of Coldspring.

EMBLEM FOR VEHICLES

Agricultural engineers have developed an emblem to warn drivers when they approach a slow-moving vehicle. It can be seen for 500 feet, either day or night, and its use pushed during National Farm Safety Week.

Exporting wool from England was prohibited by law from 1600 to 1825.

Shellfish were the staple diet of Indians on the west coast of South America.

The potter's wheel was the first machine devised to mass-produce cheap goods.

African pygmy will attack and kill an elephant with only a spear as a weapon.

Louisiana's state Capitol building is 450 feet high and has 34 stories.

If you're in the market for central air conditioning, this ad can save you hundreds of dollars!

GAS AIR CONDITIONING SAVES MONEY AND HEADACHES YEAR AFTER YEAR

You save in operating efficiency, low maintenance, amazingly long service. Combined heating and cooling costs with gas are substantially lower than for electric heating and cooling. Add to that the savings in maintenance and electric compressor replacements and you'll see why gas is your best home air conditioning investment.

LOW DOWN PAYMENT, AS LITTLE AS \$25/MO. FOR 2.8-TON UNIT

This new gas unit for medium-size homes both cools and heats . . . puts the world's finest air conditioning in reach of everyone.

HOW GAS UNITS CAN LAST TWICE AS LONG AS ELECTRIC

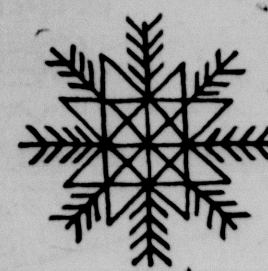

Gas cooling for homes has no compressor. A simple gas flame is the heart of the cooling cycle — with few moving parts to

wear or need repair. No wonder the life-expectancy of gas air conditioning is double that of compressor types!

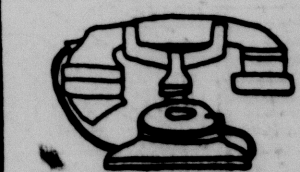

SPECIAL SUMMER GAS AIR CONDITIONING RATES

Owners of gas air conditioners get reduced gas rates for cooling during the hot summer months. This makes for even more economy from an efficient gas unit!

CALL FOR A FREE ESTIMATE ON GAS AIR CONDITIONING. NO OBLIGATION.

Don't be fooled by "horseback estimates" on costs! Get a bona fide air conditioning price from Lone Star Gas and compare with the price of the same size electric unit. You'll find the little extra per month to buy a gas unit buys you a lot more air conditioning over the years! There are two types of gas systems for the home: a combination cooling and heating system and an add-on cooling system. Investigate the possibility of gas air conditioning your home now.

GAS MAKES THE BIG DIFFERENCE

STOP FLEAHOPPERS and WEEVILS on COTTON

SOCK 'EM WITH SEVIN®

CARBARYL INSECTICIDE

- Controls fleahoppers, boll weevils, bollworms, and many other insects.
- Safer to use than many insecticides.
- Long-lasting control with few applications.
- Sprays and dusts for air or ground application.

New Caparol controls weeds in cotton at layby without residue problems in crops planted next spring.

You can spray new Caparol® at layby for control of most annual broadleaf weeds and grasses, without fear of a soil residue carryover to harm crops planted in the spring of 1966. Just apply Caparol after your cotton is up six inches or more and before weeds are two inches high.

Spraying Caparol at layby will give you control until your cotton is up high enough to shade out any weeds that may germinate late in the summer. You can even apply Caparol where other herbicides have already been used and you find weeds breaking through.

Caparol is easy to handle and apply. Just direct the spray at the base of the cotton plants. You'll get quick knockdown of the young weeds and grasses. Then the action of Caparol continues to control

weeds and grasses through the roots as they germinate for the next several weeks.

With Caparol on the job, you won't have weeds to compete for moisture and plant food. And you won't have rank weeds to foul up harvesting . . . to stain and downgrade lint.

So plan now to use Caparol at layby. It's available through your local supplier.

*CAPAROL is a trademark of the Geigy Chemical Corporation for its brand of PROMETRYNE® herbicide.

Medals For The 'Moppets'

The Beatles, hip moppets that they are, received the Order of the British Empire (MBE) recently from Queen Elizabeth.

The Queen's representatives, in turn, have been receiving not only protests from other MBE recipients, but some of the medals as well.

Seems the reason for the presentations, and the only likely one, is the Beatles' ability to turn the bad British balance of payments a little more toward the black. At one time, they were earning \$12,000 or more each for appearances in the U.S.

Seems also that others honored by the award, which ranks on the lower scale of British honors, had won theirs by long, dedicated careers in the mili-

tary and public service. Some had distinguished themselves in battle.

Dutifully, the Queen's emissaries are storing, for safekeeping, those medals returned in protest. They may now not want the MBE, but they apparently will retain membership once so recognized.

The hip, flip Beatles say: "For once, young people got an award. What's wrong with that?" One suggested that a Canadian protester turn over his medal to Brian Epstein, their manager.

There has been considerable talk since the Labor Government went into power by a narrow margin that it may topple. British Prime Minister Harold Wilson, who gave out the medals, may also have given it a push.

Pushbutton Music

Isadore J. Parker in The National Observer recently intoned the melodic changes that pushbutton dialing is bringing to the East.

The newest phones now have buttons instead of a dial, each button emitting a musical sound as it is pushed.

In his "Reflections" column, Parker wondered if certain numbers, like the doctor's or the FBI's couldn't play a refrain from some appropriate tune, like:

Your doctor: "Three O'clock in the Morning."

Your mother-in-law: "Nobody Knows the Trouble I've Seen."

Liberation ...

There is a kind of release from bondage in the news that the Educational Testing Service at Princeton, N.J., appears to have abandoned the traditional IQ (intelligence quotient) test as an indicator of intellectual potentiality. "It has become recognized by most," said President Henry Chauncey of the ETS, "that the so-called intelligence tests never did measure some innate thing called 'intelligence' that could be summed up in one number called an IQ. ... Actually, the use of the term intelligence tests has declined rapidly, as it became clear that what we are testing is developed ability or aptitude which

results from the development of whatever innate ability an individual has."

The IQ test has undoubtedly had much utility. But the rigidity with which it has sometimes been applied has just as undoubtedly done a great deal of harm. A more sophisticated understanding and use of it should serve to open educational doors to some in whose faces they were incontinently closed and should warn against inflexible educational track programs. The truth is that with love and patience and skill innate ability is subject to immeasurable development.

—The Washington Post

Dateline Austin
33 Committees Study Problems

By Vern Sanford

AUSTIN

A total of 33 interim study committees were created during the recent legislative session.

Meetings of these committees will bring most of the legislators back to Austin during the next 18 months.

Studies will cover a wide area, ranging from state and local tax policy to such subjects as livestock auctions and restoration of Santa Anna's battle flag.

All but three of the legislators who are appointed to the interim panels will be eligible to draw travel expenses to and from meetings. In addition, some study panels are furnished staff funds.

Some committees will delve into election laws, juvenile crime, rights of news media in reporting on persons charged with crime, liquor laws, the nursing profession, problems of farmers and ranchers, feasibility of a Pleasure Island State Park, public education, facilities for the criminally insane, and need for modernizing state fair facilities.

GOVERNOR VETOES SPENDING

Gov. John Connally red pencilled \$2,600,000 of what he termed non-essential items in the \$3,600,000 state budget for 1966-67.

Connally said he felt the Legislature in general appropriated wisely, but he line-item vetoed: \$1,100,000 for one of three new buildings at Angelo State College, San Angelo;

\$300,000 from a total of \$300,000 for a museum at Washington State Park;

\$200,000 for state aid to airport construction;

\$200,000 for further improvements at Dam B State Park near Jasper;

\$275,000 for boll weevil eradication;

\$126,000 for salaries in the new Dept. of Mental Health and Retardation;

\$138,000 for water system improvements at Rush State Hospital;

\$12,000 a year for a new special services director in the Parks and Wildlife Department;

\$5,000 for stream flow measurement in Upper Red River Flood Control and Irrigation District;

\$30,000 for John E. Connor Museum at Texas College of Arts and Industries, Kingsville;

\$19,000 for doctoral-level instruction at East Texas State University, Commerce; and

\$110,000 for forestry research at Stephen F. Austin State College, Nacogdoches.

Connally also vetoed a bill which would have made the lieutenant governor a member of the powerful State Building Commission in place of the State Board of Control chairman.

REDISTRICTING URGED

Gov. Connally has reluctantly signed new district court bills for Lubbock, Dallas, El Paso, Harris and Tarrant Counties. He said the next Legislature should address itself to the matter of judicial redistricting.

"While there is merit for new courts in these specific counties," Connally concluded, "when the state is taken as a whole, there are sufficient judges to carry the existing workload."

Task forces soon will begin evaluations of recommendations by 35 mayors' commission on the new Texas Plan to Combat Mental Retardation.

Groups will study education, finances, legislation, health services, manpower, organization, coordination, public awareness and action, research and training, residential day care, vocational rehabilitation and employment and welfare services.

Nucleus of task forces will come from members of the Governor's Advisory Committee, according to District Judge Herman Jones of Austin, committee chairman.

OLD PHILOSOPHER

Philosopher Joins In National Beauty Drive With A Few Minor Exceptions

Dear editor:

I have been reading about a national drive to preserve the natural beauty of this country and I can go along with a good part of it, although first Washington has to understand my definition of natural beauty.

Some people I suppose would consider an electric light pole unnatural, it didn't grow there, but not me. There's nothing more naturally beautiful than a string of poles marching across the countryside toward your house bringing power to an electric water pump to replace a rope and bucket. A rope and bucket may be more romantic looking in a rustic sort of way, but if you want to get completely natural you'd eliminate all hydrants and have everybody cup his hands and drink out of a spring preferably barefooted.

One of the major goals I understand in the beauty drive is to eliminate automobile junk yards along the highways, or at least screen them from view, and I'd like Washington to know I'm ahead on this. I left a cultivator at the turn-off near a public road 18 years ago when I went to the house to get a drink of water and have now successfully screened it with weeds I estimate to be about 8 feet tall. Furthermore I have not contributed

Connally also approved five additional Project Head Start grants from Office of Economic Opportunity for summer programs for underprivileged pre-school children. Authorized grants now total 150.

Latest projects approved are in Amarillo, Hale Center, Paint Rock, Pleasanton and Van Alstyne. Panhandle and South Plains Venture for Aiding Needy Children's Education, Inc. is in charge of Amarillo program. Schools will operate the other four.

Projects will employ 1,566 youngsters in schools, parks, offices and hospitals in El Paso Independent School District, Rio Grande City I.S.D., City of Childress, Comanche County Board of Education, Taylor County Schools, Stonewall County and San Patricio County.

INTERGATION QUICKNESS-Texas Education Agency reports that school systems are integrating faster under threat of lost federal aid.

To be eligible for shares of

However, there is one plank in the beauty program that seems to me outrageous. One of the members of the planning group got a little over-enthusiastic and wanted to eliminate sagging fences along the highways. "There's nothing more unattractive," he said, "than sagging wires along a highway winding through the rolling countryside."

Well, I'll tell you. Tight wires and tight bankers have their usefulness, but not in the beauty department. The prime purpose of a fence or a banker is not to look at.

I'll tighten the wires on my fences only when my cows get out, or actually when they get out so often my neighbors announce what's going to happen if I don't do something about it, today, not tomorrow. That's the way to get a fence tightened, not through Washington.

You let some official tell you how tight your fence has to be, and his next move will be to tell you what kind and color of cows you can graze behind it. Cows, like Congressmen, are not to be gazed at esthetically. They're to be milked as long as they produce, then turned over to the packers.

Yours faithfully,
J.A.

Corvair by Chevrolet

It's stylish, sporty and available with up to 180 frisky horsepower. See below what car experts say about its unique engineering and handling. Then see your dealer and see what a wonderful buy you can get right now!

Hot Rod
"On tight corners ... will hold its own with anything on the road."

Sports Illustrated
"On test runs at GM's Michigan proving grounds the Corvair started and stopped with no dipping, and it cornered—even at wild speeds—with smooth intent and no sign of sway."

Motor Trend
"Not counting the Corvette, Corvair has the closest thing to performance handling characteristics you'll find on this side of the ocean, with no sacrifice in ride qualities."

Car Life
"We'd feed the Corvair into the turn with increasing force on the steering wheel, applying as much power as was available, and come scorching out the other end of the curve without so much as a tailgait."

Sports Illustrated
"... a new American sports car that will be eminently acceptable at rallies but that can, in the American manner, double at church picnics."

TAKE YOUR PROBLEMS TO CHURCH THIS WEEK

Millions Leave Them There!

WHAT'S
WRONG
HERE?A charming picture of
a lovely little girl reaching
for a Bible. What could possibly
be wrong with that?

Here's what!

1. The Bible is on the bottom shelf,
hard to get at, which means the family
doesn't use it frequently.2. The Bible she's reaching for is written
in grown-up language, too hard for her
to understand all by herself.3. The little girl is alone—and she
needs help!Why should the Bible be on the bottom
shelf, and why should this little girl have
to seek its truth by herself?The Church stands ready to help your
child—and you! It will help you to understand
the Bible and its timeless message
of God's undiscourgeable love for you,
your children and all mankind.THE CHURCH FOR ALL...
ALL FOR THE CHURCHThe Church is the greatest factor
on earth for the building of
character and good citizenship. It
is a storehouse of spiritual values.
Without a strong Church, neither
democracy nor civilization can
survive. There are four sound
reasons why every person should
attend services regularly and support
the Church. They are: (1) For
his own sake. (2) For his
children's sake. (3) For the sake
of his community and nation. (4)
For the sake of the Church itself,
which needs his moral and material
support. Plan to go to church
regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	John	5	30-47
Monday	1 Timothy	4	1-8
Tuesday	2 Timothy	3	10-17
Wednesday	2 Timothy	4	1-8
Thursday	Hebrews	4	9-16
Friday	2 Peter	1	16-21
Saturday	Revelation	22	17-21

BURLINGTON NEWS

By Mrs. George Logan
Mrs. and Mrs. Rock and daughter Ruth of Pearsall have been guests of Mr. and Mrs. A. E. Hermet recently.
Little Janet and Duane Wilcoxen of Dallas spent last week in the home of their grandparents, Mr. and Mrs. A. E. Hensel. The Hensels accompanied them home last Saturday.
Mr. and Mrs. Ray Schonhoef and Mr. and Mrs. Eldon Schonhoef and son Richard of LaGrange made a trip to Abernathy Monday to visit Mr. and Mrs. Leroy Choy.

Our new home will be paid for by the time our children finish high school

The 3-Br. OXFORD

Thanks to Jim Walter's 12 year finance plan.

The many families who bought their homes from Jim Walter just a few short years ago will soon be mortgage free. More than 100,000 families have found happiness and security through Jim Walter's building and financing plan. If you own your lot, you pay nothing down for the home of your choice. Easy monthly payments are arranged to suit your budget. Send for our new full color catalog now. It's FREE!

lett and family. They return Thursday, and were accompanied home by Gaylor, Robert, Kenneth and Gary Chollett who will spend two weeks here with their grandparents. Mr. and Mrs. Roy Schonhoef and at Clarkson with their other grandparents, Mr. and Mrs. Arthur Chollett and family.

Mr. and Mrs. Harry Chollett and family of Wichita, Kan., were here in the home of Mr. and Mrs. Elo Chollett. They left for home after a visit to Mrs. Chollett's sister and brother-in-law, Mr. and Mrs. Ray Schonhoef.

Mrs. Joe Hromcik and daughter of Cameron visited here Friday with friends.

Mr. and Mrs. Albert Helpert and family of Dallas visited here last Sunday.

Sons of Herman had Family Day here Sunday at the Hall. Mr. and Mrs. Henry Helpert had all their large family and all their families present.

Sunday School had a fair attendance.

Mrs. Lola Westbrook and Mrs. R. L. McCollum and daughters of Waco were visitors at Sunday School.

CLARKSON

By Mrs. J. A. Blasienz

Mrs. Jack Briggs and children and Mr. and Mrs. Robert Clark of Fort Worth and Mr. and Mrs. Alvin Dodd and sons of Walkers Creek have been recent guests of their mother, Mrs. V. D. Dodd. Mrs. Melvin Davis and daughter Kim are visiting in the home of her parents, Mr. and Mrs. Otto Mayer while her husband is attending National Guard.

Mrs. W. T. Garrett of Bryan spent several days this week with her daughter, Mrs. Joe Hawk. She also visited her sister, Mrs. Sallie Garner in Cameron while here.

Mr. and Mrs. Emil Skupin and Mrs. Jim Hawk attended the Bigler-Newman family reunion held in Temple June 13.

Mr. and Mrs. Jackie McCollum and daughter of Houston spent last weekend here with her parents, Mr. and Mrs. George Dodd and family, and his mother, Mrs. Julia McCollum in Rosebud. Mrs. McCollum and daughter remained for a longer visit.

Mr. and Mrs. Otto Mayer and sons visited his brother and family. Mr. and Mrs. Robert Mayer in Walnut Springs recently. Mr. Mayer has been quite ill for some time and is now a patient in a Fort Worth hospital.

Mr. and Mrs. Charles Burnett and son of Bryan have been visiting Mr. and Mrs. Hubert Skala and Kelvin.

Mr. and Mrs. D. D. Harrison and Jerry of Dallas and Mr. and Mrs. Robert Mays of Temple spent the weekend with Mrs. Harrison's mother, Mrs. J. A. Blasienz.

Mrs. Amos Doskocil and daughter of Ben Arnold and her guest, Miss Linda Lee of Temple, visited Mrs. Amos Doskocil Sr. recently.

Mr. and Mrs. Louis Skala had as guests Sunday Mr. and Mrs. Alvin Posvar and family, Mr. and Mrs. Melvin Posvar and daughter of Cyclone and Mr. and Mrs. Billy Ernst and son of Barclay.

IN THE SERVICE

DEL RIO

Richard L. Davis, son of Mr. and Mrs. Alvin Davis of 641 N. Main, Rockdale, has been promoted to airman first class in the U.S. Air Force at Laughlin AFB. Airman Davis is an aircraft mechanic in a unit that supports the Air Training Command mission of training airmen and officers in the diverse skills required by the nation's aerospace force.

JACKSONVILLE

Captain Vernon L. Lambert has successfully completed the U.S. Air Force advanced training course for B-58 combat crews at Little Rock AFB, Ark.

Capt. Lambert, a B-58 Hustler commander, studied techniques of operations used by Strategic Air Command B-53 supersonic bomber aircraft. He is remaining at Little Rock, where his crew supports the SAC mission of keeping the nation's intercontinental missiles and jet bombers on constant alert.

The captain is a graduate of Athens High School. He received his BMED degree from East Texas State College at Commerce, where he was commissioned upon completion of the Air Force Reserve Officer Training Corps program.

His wife, Marie, is the daughter of Mr. and Mrs. John Nussbaum of Rt. 1, Rosebud.

Milam Pumps 300

Barrels Oil Daily

Texas has produced more than 27 billion barrels of oil during the past 60 years of recorded production, resulting in a statewide distribution of income which currently averages about \$3 billion a year, according to Texas Petroleum Oil & Gas Association.

Milam County, which has had recorded production since 1931, has had a total crude oil output of 5,265,000 barrels up to the beginning of 1964. Milam County production in 1963 was 95,000 barrels at the rate of 300 barrels a day.

With 203 out of the state's 254 counties producing crude oil, each section is marked by several prolific fields.

"The widespread development of production in all sections of the state has been fostered by the state's oil and gas conservation laws," James L. Sewell, Association president, has pointed out. "By giving all fields in the state, regardless of location, a share of the market for Texas oil the Texas Railroad Commission has encouraged development of resources in every sector - both in drilling and in the building of a transportation system to get the oil to refineries."

Miss Lydia Kohring of Smithfield has visited recently with her mother, Mrs. Wm. Kohring, Mr. and Mrs. Walter Kohring, and Mr. and Mrs. Alfred Kohring.

Mr. and Mrs. Nelson Kohring and daughter of Irving have been recent guests of his parents, Mr. and Mrs. Alfred Kohring.

Mr. and Mrs. Lloyd Stuebner and children of Odessa are on vacation and are visiting here with her parents, Mr. and Mrs. Walter Kohring.

Mr. and Mrs. Leon Ernest, Leon Jr. and Myron David and Eva Marie Mikulec of Cameron visited Mr. and Mrs. James Ernst in Houston during the weekend.

looms caused the displaced weavers to riot in Holland in 1620.

THE FAMILY LAWYER

LAWYERS IN PETTICOATS

Chief Justice Ryan, of the Supreme Court of Wisconsin, could hardly have been more scandalized. Think of it! A young woman - unmarried, at that - wanted a license to practice the ancient masculine profession of law. He rejected her application in no uncertain terms:

"It would be revolting to all female sense of the innocence and sanctity of their sex, shocking to man's reverence for womanhood, that women should be permitted to mix professionally in all the nastiness of the world which finds its way into courts of justice."

But the year was 1875, and the tide of feminism was starting to rise. Four years later, the same

Wisconsin court (with Chief Justice Ryan still protesting) finally did accept the young woman as a lawyer.

By 1920, women were practicing law in every state in the land. Today, more than 7,000 are licensed to practice and many of them sit on the bench as judges. It was cause for only mild surprise that the judge who swore in Lyndon Johnson as president, 99 minutes after President Kennedy's death, was a woman.

True, women still play a relatively minor role in the legal profession. Many large offices flatly refuse to hire female attorneys. No doubt some of this hostility reflects the view expressed 2400 years ago by Euripides, that "a woman

should be good for everything at home, but abroad good for nothing."

But men also argue that women don't stick to law, that they are too emotional, that they make clients uneasy, and even that they can't keep secrets.

Women reply that, if they do frequently quit practicing law, it is because of the hardships imposed by male prejudice. They point to impressive academic achievements, and contend that feminine qualities enrich, rather than obstruct, the administration of justice.

On the merits of these arguments, this column takes no position. As a practical matter, women have found their greatest opportunities in certain areas of law: domestic relations, legal aid, research, insurance, taxes and estates, government. Some have even won fame (Chief Justice Ryan would shudder) in the field of criminal law.

BROCK HONORED

FORT WORTH

Joseph L. Brock Jr., dam equipment repairer employed in the Belton Project Office, U.S. Corps of Engineers, will receive his 10-year pin this week. He will be recognized for his service at a special observance of the U.S. Army Engineers' 190th birthday.

A variety of perennial cotton native in Africa grows in tree form to a height of 12 to 20 feet.

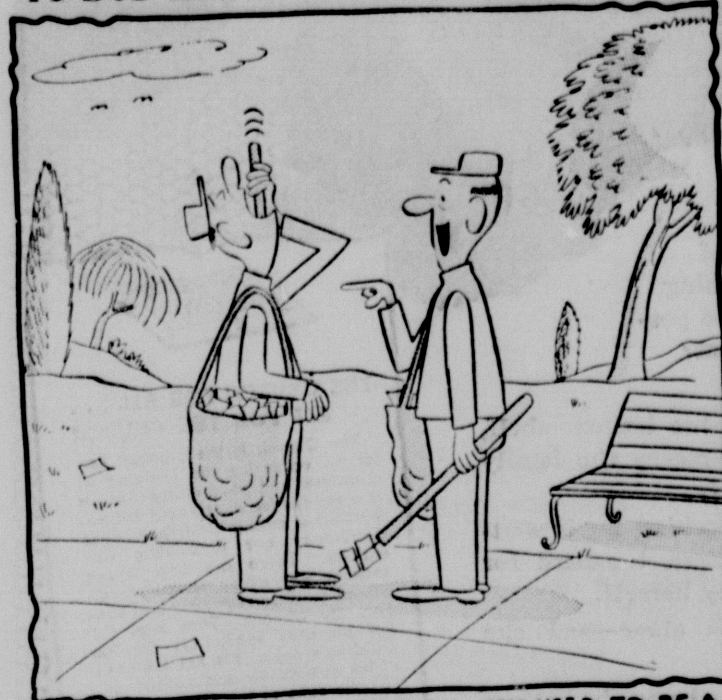

And on one point, at least, there can be no dispute. In the law's traditional symbol, the scales of justice are held aloft by a woman. A public service feature of the American Bar Association and the State Bar of Texas. Written by Will Bernard.

THE HERALD'S FAMILY CORNER

IT'S A LIVING

-- by Al Johns

Nola Knows

By Nola White

Dear Nola - I am a year older than my boy friend. We will get married when he gets out of college in three years. Do you think we can have a happy marriage?

Unsure

Dear Unsure - The slight difference in your ages can't possibly harm your marriage if you have the important ingredients like love, trust and respect. In three years if you're still unsure, send him back to college for a Master's.

Dear Nola - We have the most beautiful house on the block - on the outside. Inside, it looks like a pig pen because Mom is too busy working to pay for the house. We don't even have curtains or lamps. I'm fifteen and the oldest of four children, and Mom doesn't make any of them help keep things clean by putting their things away. How can I have a home I'm not

ashamed of?

Miserable

Dear Miserable - Every family deserves a tidy, comfortable home - and I don't mean a spotless, sterile show place. Mom should be commended for helping to pay for the house, but it is still her responsibility to see that the housekeeping is done. Sit down with your Mom (pick a time when she's not too tired or too occupied with other things) and formulate a plan whereby each member of the family has a share of the housework to do. (This includes Dad. If Mom is working for a paycheck, he should help out at home.) At fifteen, you should be given the authority to see that your brothers and sisters do their share. Sure, it won't be fun, but neither is living in a dirty house.

Dear Nola - I am thirty-four years old. Not long ago I bought myself a diamond ring which I wear on my right hand so no one will confuse it with an engagement ring. My friends are asking all sorts of questions. How should I answer them?

Stumped

Dear Stumped - Answer them in English!

Personal to Amateur - Be sure you're right the first time. Practice doesn't make perfect; it only makes permanent.

Send your letters to Nola Knows, Box 411, Temple, Texas. For a personal reply, enclose a stamped, self-addressed envelope.

SELF ANALYSIS QUIZ

How Much Do You Know About Women?

By Jane Sherrod Singer

A man who says he knows all about women is either a fool or a liar. Let's get down to proven facts and see how much you men know about women . . . or you women know about yourselves!

TRUE FALSE

1. Women talk more about men than men do about women. () ()
2. Men are better drivers than women. () ()
3. Men are more superstitious than women. () ()
4. Women require less sleep than men. () ()
5. Women are more self-centered than men. () ()
6. Women stay on a more even keel, emotionally, than men. () ()
7. Women are more aggressive in pursuing men than men are in attracting women. () ()
8. Women are attracted to men of lesser intelligence than their own. () ()
9. Women are more truthful than men. () ()
10. Men are more conservative than women. () ()
11. Women enjoy life more than men. () ()
12. Women are less bored by routine than men. () ()
13. The male reflex is faster than those of women. () ()
14. In moments of extreme crisis, women keep more calm than men. () ()
15. Men enjoy food more and are less particular about what they eat than women. () ()
16. Women talk more, longer and faster than men. () ()
17. Men excel women in solving complicated problems. () ()
18. Men understand women better than women know their male companions. () ()
19. In arguments between men and women, the one who does the most talking usually wins. () ()
20. Women have more nightmares than men and more frequently dream in color. () ()

ANSWERS:

These answers are NOT based on guesses. Each has a research study behind it, conducted by universities or sociological agencies.

Start with: No. 1...True, No. 2...False, No. 3...True, No. 4...False, No. 5...True, No. 6...False, No. 7...True, No. 8...False, No. 9...True, No. 10...True.

And the REST are all TRUE!

SCORING:

16 to 20 correct answers: EXCELLENT. You are either very observant—or you know your psychological research.
11 to 15 correct answers: Good for you. Your relationship with women holds few surprises for you.
6 to 10 correct answers: Walk with caution, and don't jump to conclusions in your dealings with women. For you, the female of the species is still an unknown quality.
0 to 5 correct answers: You have a lot to learn! Better start because it looks as if women are here to stay.
